

## Education

Patricia Laureys, 1969, obtained a DUT in Business Administration at the University of Lille and several engineering degrees including Technical Engineer at B.M.E. Ghent.

## Career

Patricia Laureys started her career as a Process and Logistics engineer in several companies. Subsequently, she spent 18 years managing her own Consultancy office with a team of experts specialised in Logistics and Supply Chain.

Patricia Laureys has more than 30 years of experience in helping companies optimise their Logistics and Supply Chain. In this way, she gained extensive experience in logistics real estate.

During her career, she also took on several board mandates. In that context, she followed the “Board and Director Effectiveness” training at Guberna.

In addition to her mandates for Voka Antwerp and Markant VZW, Patricia Laureys also is a member of the Board of Directors of Compagnie Het Zoute.
