Intervest proposes an optional dividend to its shareholders and discloses the related terms

For financial year 2022, the annual general meeting of Intervest Offices & Warehouses (hereinafter 'Intervest') has decided as at 26 April 2023 to distribute a gross dividend of € 1,53 per share.

The supervisory board has thereafter decided as at 3 May 2023 to offer the shareholders an optional dividend for financial year 2022. With an optional dividend the shareholders are given the opportunity to contribute their dividend receivable that arises from the profit distribution, in the company's capital in return for the issue of new shares, in addition to the option to receive the dividend in cash or to choose for a combination of both previous options.

The funds not paid out in cash will support the further growth of the company, whereby Intervest strives at the utmost for sustainable and customer focus value creation (strategy #connect2O25). Moreover the optional dividend will also contribute to the strengthening of the balance sheet structure of the company.

The shareholder has thus the choice to receive the dividend in cash or to invest in shares, as follows:

> Payment of dividend in cash

Coupon no. 26 gives entitlement to a gross dividend of \leq 1,53 or \leq 1,071 net per share (after deduction of 30% withholding tax).

> Investment of dividend in return for new Intervest shares

A subscription can be made for one new share through the contribution of 15 coupons no. 26 (each for a net dividend amount of \le 1,071). The issue price for the shareholder amounts to \le 16,06 for a new share, hence 15 coupons no. 26 x \le 1,071.

The issue price of the new shares amounts to € 16,06 per share, this represents a discount of 5,5% compared to the average of the opening prices of the 2 last trading days before the decision of the supervisory board and of 6,7% compared to the opening price of the Intervest share as at Tuesday 2 May 2023, each time after deduction of the gross dividend for financial year 2022 (€ 1,53).

> A combination of both previous options.
